CRD Sewage Treatment Options

A key mandate of the SCL is to provide Saanich citizens with information. We do not endorse one particular opinion but hope that by providing you with this information that you will become more fully informed about the decisions being made in your community.

The executive of Saanich Civic League recently posed a question to the mayor and council regarding sewage treatment. We asked for a short statement on the current plans for sewage treatment in the CRD. We asked them to specifically address the question:

"What aspects do you feel are of the greatest importance to Saanich residents?"

We requested a reply by December 31, 2009.

Mayor Frank Leonard - No Response

Councillor Judy Brownoff - [Response](#)

Councillor Paul Gerrard - [Response](#)

Councillor Leif Wergeland - No Response

Councillor Vicki Sanders - [Response](#)

Councillor Wayne Hunter - No Response

Councillor Dean Murdock - [Response](#)

Councillor Vic Derman - [Response](#)

Councillor Susan Brice - No Response

The CRD website has a wide variety of information to help educate voters in the region. Check out: www.wastewatermadeclear.ca

Check out some of the concerns expressed by a local community group called the Sewage Treatment Action Group.
